

Keith and Marilyn Hamilton are veteran missionary pioneers with a lifetime of ministry wisdom to draw upon. They have offered Marriage Enrichment Workshops at the YWAM Leadership Training Schools in South Africa and New Zealand to multitudes of couples from many nations – and have received rave reviews for the biblical teaching and practical helps they have provided.

Darlene Cunningham, Co-Founder of Youth With a Mission

I highly recommend the material on marriage written by Marilyn and Keith Hamilton. Testimonies have come from every continent about the blessings that follow this ministry to couples. These materials, and this ministry, are timely gifts for Youth With a Mission.

Dr. Tom Bloomer, International Provost of the University of the Nations

It is rare to find marriage workshops and training manuals that are cross-culturally sensitive, based on scripture, and multipliable within developing nations. The field-tested materials developed by Marilyn and Keith Hamilton are having life-changing impact throughout the nations of the world. These resources will help transform any people group by transforming the marriages in that people group.

Larry Ballard, Director of the University of the Nations Family Resource Centre

We look forward to spending the next 100 years discovering each other.

A participant from Cook Island

Our favourite was the exercises we did and we want to thank you again for providing the platform and creating a wonderful atmosphere where we were able to practice the things that many times we overlook.

A participating couple from Papua New Guinea/Denmark

Marriage Enrichment Workshops are opening doors of communication. Pastors are eager for the workshops.
